What is FOIA?

The Freedom of Information Act (FOIA) is a law that gives you the right to access information from the federal government. It is often described as the law that keeps citizens in the know about their government.

## Submit a FOIA request

The Freedom of Information Act (FOIA) is a federal law that gives the public the right to make requests for federal agency records. Agencies may withhold information according to nine exemptions contained in the statute. The FOIA applies only to federal agencies. It does not apply to records held by Congress, the courts, or by state or local government agencies. Each state has its own public access laws that should be consulted for access to state and local records.

Select the agency type
